MEMORANDUM FOR: Chief, Medical Services

SUBJECT: Pre-employment and Other
Medical Examinations

1. Your proposed issuance concerning pre-employment and other medical examinations for employees and applicants in CIA has been reviewed by this office. We are of the opinion that the standards, rules and regulations of the proposed issuance are in accordance with the existing law and regulation.

2. One point which raised a question of legality, as it involved veterans' preferences, has already been approved as to legality in a more detailed memorandum from [REDACTED]. We understand that you plan to make minor revisions for purposes of simplification and clarification, but as discussed with you, these changes should not raise any further points requiring legal consideration.
